# Say it with chocolate!

## The sweetest way to stand out

At The Chocolate Manor we see more than just chocolate... we see a creative art form.

Each chocolate is handcrafted with the care and precision that turns quality ingredients into a moment of indulgence, which your clients and customers will really appreciate.

In our coastal workshop, our artisan chocolatiers pour heart and soul into every bite, creating not just confections, but memories that last. Blending traditional chocolate making with an innovative edible printing process, presented in sustainable gift packaging, we create bespoke chocolate gifts for corporate clients worldwide.

Here, it's not just chocolate—it's an experience.

Savour The Flavour

---

Chocolate is like a universal language – it brings people together and sparks joy.

From humble beginnings in our founder's home kitchen, to commissions for tens of thousands of chocolates for royal celebrations, we've been passionate about handcrafting unique chocolate creations that delight and impress for over a decade.

Our team of chocolatiers apply skill, concentration and patience in our purpose built workshop in Castlerock, to supply chocolates that suit our client's needs.

# Don't just take our word for it...

---

"We have had the good fortune to work with Geri and The Chocolate Manor on a number of major events and media campaigns. Her chocolate products are always beautiful looking as well as tasting, but more importantly her customer service is second to none. She is helpful, flexible and professional in her approach to each project. Geri delivers to a very high standard and always goes the extra mile for her customers. We have no hesitation in recommending her to our clients for high end corporate functions."

*Corinne Weatherup*

EVENT-FUL CONSULTANCY

"We were delighted with the chocolates created for us as they relayed a message and were also very tasty. Being able to shape the chocolate to suit our logo and also print in exactly the right colour was fantastic. The end result looked great and generated just the impact we were after – we simply couldn't source this elsewhere."

*Philippa Spiller*

DIRECTOR, PODIEM

"We have been using Geri at The Chocolate Manor almost from the beginning of her commercial endeavours. Our customers throughout the UK and Ireland are well versed in the amazing quality and taste of the chocolate she and her team produce. Since introducing gifts with Chocolate Manor's wonderful range of chocolate bars, discs and treats its something our customers look forward to every Christmas."
